Zachary-Powers Wedding at Trinity

The Most Brilliant Social Event of The Season. At Home in North Carolina.

Decidedly the greatest social event of the season, was the wedding of Miss Zachary to Major Alexander Kin...

The church was beautifully decorated with vines, ferns and palms. The temporary columns back of the chancel were gracefully draped with vines...

At nine o'clock, just prior to the entrance of the bridal party, Miss Lucile Baxton rendered "Tannhauser," very beautifully upon the violin...

To the strains of Lohengrin's Wedding March, rendered by Miss Tatum at the pipe organ, the bridal party entered the church in the following order:

The two ushers, Dr. Wm. E. Van Brunt on the left, and Mr. E. F. Gauiding on the right, led the way down the aisle...

The bride wore a gown of white satin and was completely enveloped in her veil. The trimmings of her gown were of pearl passementerie and she wore a handsome brooch of pearls...

The bridesmaids were gowned in white muslin and messaline, and each bore a bouquet of maiden hair ferns. Miss Bessie Zachary, the maid of honor, wore a handsome dress of green muslin...

Immediately following the ceremony the wedding party and invited guests repaired to the home of the bride at 306 North Monroe, where a reception was held.

The home was beautifully decorated with ferns, the color scheme of white and green still being carried out. In the dining room long graceful streamers of tulle were draped to the corners...

AT THE COLLEGE

Delightful Japanese Tea Given by the Y. W. C. A.

Friday evening the interior of Bryan Hall at the Woman's College was the scene of a Japanese festival...

The admission was only ten cents, which, with the sale of candy, coffee, sandwiches and the like, netted the association a neat little sum.

The young ladies of the association wore Japanese costumes and looked real attractive in their oriental gowns. All chairs had been removed and sofa pillows placed upon the floor.

Placed over a number of the electric globes were Japanese lanterns, and many more were suspended here and there and illuminated by the light of a candle.

As one would enter Bryan Hall, two ladies of Japan met them at the door with baskets, directly to the rear of the large reception hall, just between the two stairs, was the coffee and sandwich booth...

The affair was a decided success and enjoyed greatly by all who attended.

MISS HELEN JAMES

Miss Helen James, who for a number of years was a resident of Tallahassee and a student at the State College, was married in Birmingham, Ala., last week to Mr. Clifton Lewis Brewer, of that city.

Brewer-James Wedding. "Yesterday afternoon at 2 o'clock occurred the marriage of Miss Helen MacDonald James to Mr. Clifton Lewis Brewer, at the home of the bride's mother on South Thirtieth street.

This is a marriage which will be of interest to a large number of friends and relatives throughout the southern states, both young people being widely and prominently connected. Miss James is a newcomer in Birmingham, having come here a year ago from Tallahassee, Fla.

Through her mother, who was Miss Lucila Fleming, of Riverdale Hall, Leon county, Florida, Miss James is a direct descendant of the famous old Scottish family of Flemings, Earls of Wigdon and Sumbervauld, Lords of Dumbarton and Boghall castles, and proprietors of the 'Bigger District,' related to the royal families of Bruce and Stuart by blood and intimate association.

Mr. Brewer comes of a prominent race of Alabama's proudest and most distinguished families, its men have served the state honorably in some of its highest offices, and have been able citizens in both public and private life.

Inspected Drainage Operations

Governor And Treasurer Witness Work in Everglades And Make Recommendations.

Tallahassee, Fla., Dec. 20. Governor Guchrist and State Treasurer Knott have submitted to the Trustees of the Internal Improvement Fund the following report of their recent trip of inspection of the drainage operations in the western part of the Florida peninsula:

Tallahassee, Fla., Dec. 20, 1909. Trustees of the Internal Improvement Fund of Florida. Gentlemen:

We left here Sunday, December 5th, for an inspection of the drainage operations in the Caloosahatchee river and for an inspection of Lake Okeechobee. We made a trip up the Caloosahatchee river into Lake Okeechobee and around Lake Okeechobee eastward as far as South Bay. We examined several outlets making southward from Lake Okeechobee.

The Caloosahatchee river, in our opinion, is taxed to its utmost to carry away the waters flowing into it from the water-shed of the river. We are of the opinion that no more water should be turned into the Caloosahatchee river, or its valleys, from Lake Okeechobee. We therefore recommend that the dredge Caloosahatchee continue its excavations through the rapids above Fort Thompson, excavating no more than is absolutely necessary to remove these rapids and to permit the passage of the dredge, due consideration being given to the necessities of commerce on the river while the dredge is thus employed.

At South bay in Lake Okeechobee there is a river apparently running southeastward. This river, at the date of our trip, was fully seven or eight feet deep; and 150 feet wide, more or less. This river is by some called Mennies river, and by others Democrat river. It appears to us that a canal should be excavated southeastward, more or less, in prolongation of this river, this to be determined by a satisfactory survey. We heard from several parties that there is a lake known as Brooker lake, extending generally in a southeastern direction from Mennies river. From all accounts, this lake varies from 150 feet to several hundred feet in width. The lake does not seem to be continuous. In other words, there appear to be several lakes, separated by strips of land varying in distance across. These lakes are represented to be from seven to eight feet deep.

We recommend that the Superintendent of Drainage be directed to locate these lakes. It is probable that the general direction of these lakes may be utilized as a part of the drainage system.

Respectfully submitted, ALBERT W. GILCHRIST, Governor, W. V. KNOTT, State Treasurer, Commission.

A NOBLE LADY DIES.

Mrs. L. W. Whitfield, Widow of the Late General George Whitfield, Dies at Lloyd.

Mrs. L. W. Whitfield, widow of the late General George Whitfield, died of pneumonia at her home in Lloyd, Fla., on Sunday morning, Dec. 19, 1909. She was buried by the side of her husband in the Episcopal cemetery at Tallahassee in the afternoon.

Mrs. Whitfield was a most estimable lady, admired and beloved by a large circle of friends for her gentle, gracious manner and her generous impulses. Her home was a most hospitable one. Her lovely Christian character and her many acts of kindness have won for her the gratitude and tender remembrance of a multitude of friends and acquaintances. She leaves many relatives who have her noble example as precious heritage.
